Installation of a plug

Applicable to U.K. and Ireland

NOTE: If you are unsure or in doubt about the installation of the plug please contact a qualified electrician. If a 13A 3-pin plug is fitted, it must be an ASTA approved plug, conforming to BS1363 standard. Replacement 3A fuse must be BS1 or ASTA BS1362 approved.

The wires in the mains lead are coloured as such: BROWN - LIVE
BLUE - NEUTRAL

Please note that the colour of these mains wires may not correspond with the colour markings that identify the terminals in your plug. Please proceed as follows:

The BROWN coloured wire must be connected to the terminal, which is marked with the letter "L" or is coloured RED.
The BLUE coloured wire must be connected to the terminal, which is marked with the letter "N" or is coloured BLACK.

DO NOT CONNECT either of these wires to the earth terminal in the plug.
The earth terminal plug is marked with the letter "E", or with the earth symbol or coloured GREEN and YELLOW.

GUARANTEE

Please keep your receipt as this will be required for any claims under this guarantee.

This appliance is guaranteed for 3 years after your purchase as described in this document.

During this guaranteed period, if in the unlikely event the appliance no longer functions due to a design or manufacturing fault, please take it back to the place of purchase, or Holmes, with your till receipt and a copy of this guarantee.

The rights and benefits under this guarantee are additional to your statutory rights, which are not affected by this guarantee. Only Holmes Products (Europe) Ltd. has the right to change these terms.

Faults that occur through, improper use, damage, abuse, use with incorrect voltage, acts of nature, events beyond the control of Holmes, repair or alteration by a person other than a person authorised by Holmes or failure to follow instructions for use are not covered by this guarantee. Additionally, normal wear and tear, including, but not limited to, minor discoloration and scratches are not covered by this guarantee.

The rights under this guarantee shall only apply to the original purchaser and shall not extend to commercial or communal use.

If your appliance includes a country-specific guarantee or warranty insert please refer to the terms and conditions of such guarantee or warranty in place of this guarantee or contact your local authorized dealer for more information.

This marking indicates that this product should not be disposed with other household wastes and should be disposed separately throughout the EU.

To prevent possible harm to the environment or human health from uncontrolled waste disposal due to the presence of hazardous substances within the product, recycle it responsibly to promote the sustainable reuse of materials and resources. To return your used device, please use the return and collection systems available to you or contact the retailer where the product was purchased. They can take this product for environmentally safe recycling.

DESCRIPTION OF APPLIANCE

Please read and save these important safety instructions:

- Use the fan only for purposes described in the instruction manual.
- To prevent electrical shock, do not immerse the fan, plug or cord in water or spray with liquids.
- Close supervision is necessary when any appliance is used by or near children.
- Avoid contact with any moving parts.
- Do not operate fan in the presence of explosive or flammable fumes.
- Do not operate until fully assembled with all parts properly in place.
- To avoid fire hazard, never place the cord under rugs or any parts near an open flame, cooking or other heating appliance.
- Ensure that the fan is switched off from the supply mains before removing the guard.
- Do not operate any appliance with a damaged cord, plug, after the appliance has malfunctioned, or has been dropped/damaged in any manner.
- The use of attachments not recommended or sold by the appliance manufacturer may cause hazards.
- Do not operate outdoors.
- Do not let the cord hang over the edge of a table or counter, or come into contact with hot surfaces.
- To disconnect from the electrical supply, grip the plug and pull from the wall outlet. Do NOT pull on the cord.
- Always use on a dry, level surface.
- Do not operate without the fan grills properly in place.
- This product is intended for household use ONLY and not for commercial or industrial applications.
- Should the fan stop working, first check the fuse in the plug (UK only) or fuse/circuit breaker at the distribution board is operating, before contacting the manufacturer or service agent.
- If the supply cord or plug is damaged, it must be replaced by the manufacturer or its service agent or a similarly qualified person in order to avoid hazard.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.

DESCRIPTION OF APPLIANCE (See Figs. 1, 2 & 3)

- A. Air output vents
- B. Air intake vents
- C. Sleep timer button
- D. Variable speed dial
- E. Power light
- F. Oscillation button
- G. Power Jack
- H. Power Adapter

Technical Parameters

Adaptor Rated input: 100-240V~/50-60Hz Rated output: 12V Wire length: 8M Weight: 0.12kg Operating temperature: 0-40°C

Unit Rated input: 12V Rated power: 18W Operating temperature: 0-40°C Operating humidity: 85% Product Dimensions: L146mm X W146mm X H500mm Weight: 1.18kg Package Dimensions: L125mm X W177mm X 344mm

INTRODUCTION

Congratulations on the purchase of your Bionaire™ bladeless fan. This fan features innovative bladeless technology to deliver smooth air flow and a variable speed dial for cooling comfort and control.

OPERATING INSTRUCTIONS

1. Set fan on a dry, level surface.
2. Connect the power adapter to the power jack located on the rear base of the fan.
3. Plug power adapter into the appropriate outlet.
4. To turn the fan on, turn the variable speed dial clockwise until the dial clicks. The power light will glow blue.
5. To adjust the speed, continue to turn the variable speed dial in the clockwise direction to increase the speed as desired. The speed level may be lowered by turning the dial counterclockwise.
6. To turn the fan off, simply turn the dial counterclockwise until it clicks and the power light shuts off.

OSCILLATION FUNCTION

7. If you would like the fan to oscillate, push the oscillation button located to the right of the speed dial. To stop oscillation, push the button again.
8. Your bladeless fan is equipped with a one-hour sleep timer. To activate, push the sleep timer button located to the left of the speed dial. The power light will blink blue while the sleep timer function is in use. When time is up, the power light will glow red. If you wish to resume operation after the timer has run out, push the sleep timer button again. To shut off the power light after the timer has run out, turn the speed dial counterclockwise until the dial clicks and the light shuts off.

CLEANING AND MAINTENANCE

Follow these instructions to correctly and safely care for your fan:

- Always unplug the fan before cleaning.
- Be sure to clean your fan with a soft cloth moistened with a mild soap solution.
- Do not allow water to drip on or enter into the fan motor housing.
- Do not use gasoline, thinner, or benzine as a cleaner.
- Lightly run a vacuum cleaner nozzle over the fan vents to remove any dust or dirt that may have accumulated.

FAN STORAGE

When storing your fan please use the original box. It is important to keep it in a safe, dry location.

- Store your fan in the original box or an appropriately sized box.
- Protect the fan vents from dust.
- Store your fan in a dry location.

U.K. and IRELAND

Children should be supervised to ensure that they do not play with the appliance.
